What is Dervish Coffee?

It is a 1-hour, meditative attunement open to all seekers of Awakening. The attunements are given by experienced Sufi Teachers from among the 'Lineage Streams' of Hazrat Pir-O-Murshid Inayat Khan.

What is offered, is left completely up to the inspiration of the presenters, so it is a new inspiration every month.

At The Dervish Café we are all "Companions" sharing the path of Awakening, and *"Companions are attentive to meeting with each other. Friendship is their profession. All are servants of each other, and all are teachers of each other. All are disciples of each other because they are in essence, One."*

- Ruzbihan Baqli
